CATFISH ANGLING, TRULY THE GREATEST CHALLENGE FOR BOTH ANGLER AND EQUIPMENT.

The Black Cat Collection from Stefan Seuß contains everything the angler needs for this die-hard pursuit. Tested against the strongest Cats swimming in European waters. No other series of rods to date have landed more 100-kilo fish. Black Cat sets the standards in modern Catfish angling!

BLACK CAT SPIN

Fishing with artificial lures for Catfish is becoming ever more popular. And what's more, the technique is highly successful, whether the lures are cast over long distances or fished vertically beneath a boat. The Black Cat Spin is a workhorse with perfect line distribution, a carbon drag system and a strikingly smooth action, enabling hours of effortless angling. The reel can even be used for clonking with baits of over 200 grams without a hitch. The gears have been especially hardened for use with braided lines. The Black Cat Spin is available in three sizes and covers all applications in modern lure fishing.

Code	m/mm	Gear Ratio	Retrieve	Weight	Ball Bearings	Spare Spool
0118 040	250/0.28	5.2:1	75 cm	346 g	7	0986 025
0118 060	220/0.40	4.9:1	86 cm	661 g	7	0986 026
0118 080	340/0.43	4.9:1	104 cm	787 g	7	0986 027

STANDARD TECHNICAL EQUIPMENT

- 7 precision ball bearings in stainless steel
- Continuous anti-reverse
- Thick-wall aluminium Long Stroke™ spool
- Large-surface drag system with ceramic carbon drag discs with extremely high heat dissipation qualities
- Extra large, secure grip handle knob
- 100% wobble-free Slim-Line stainless steel handle, just screws out without folding over
- Large line guide with anti-twist system
- Foot Forward™ reel foot for better rod balance
- Exclusive TiMag™ system: maintenance-free magnetic bail arm system
- Unbreakable and unbendable bail arm in ultra-light nickel-titanium material
- Two speed oscillation system.
- Special chrome-plated gears

DF FIREBALL

The Fireball rod saw Black Cat introduce a world first to the market. The team has developed this rod especially for modern fireball fishing and have tested it extensively. The fast-action blank, combined with the bear-like strength of the parabolic action, enables perfect retrieval of fireballs and guarantees fatigue-free fishing for hours on end.

Code	Length	Sections	C.W.	Tr.-Length	Weight
1172 200	2.00m	1	180-280 g	2.00 m	230 g

by Xavier Vella

DF VERTICAL LS

Vertical fishing in particular calls for sensitive power-blanks. For this successful angling method, the Black Cat team has developed a special one-piece Jig rod that guarantees perfect bait retrieval and high-impact fighting fun. The tip area is highly sensitive allowing the angler to detect even tentative bites.

Code	Length	Sections	C.W.	Tr.-Length	Weight
1047 180	1.80 m	1	120-220 g	1.80 m	242 g
1047 200	2.00 m	1	120-220 g	2.00 m	260 g

Rhino Black Cat has established itself as a specialist in the Catfish field over many years. Thanks to our team of specialists and our wide-ranging experience, we are well-placed to react quickly to new trends and offer innovative, technically-advanced products. The famous Fun Stick is our best example: It has become a firm favourite with Catfish anglers and sparked new trends in ultra-light fishing for giant fish. Our mastery of materials during the production process has earned the trust of anglers. Our Durafibre rod-building material has become indispensable in Catfish angling, guaranteeing the angler the necessary power to

deal with exceptional specimen even with theoretically undersized equipment. Without this, the quest for extreme fishing experiences with light rods could prove an impossible challenge. And yet, in recent years we have also used our experience with the Fun Stick to develop further innovative rods designed to be even lighter and more technically advanced while remaining unbreakable. Our three major developments for light Catfish angling, the Fireball, the Vertical LS and the Cat Fighter (R39) open up completely new dimensions to the angler.

DF CAT FIGHTER

Vertical fishing is the new trend in Catfish sport. Rubber fish and deadbaits are retrieved just beneath the boat, prompting spectacular takes. A quick blank guarantees optimal bait control and lightning-fast reaction to takes.

Code	Length	Sections	C.W.	Tr-Length	Weight
1030 180	1.80 m	2	150-300 g	1.19 m	235 g
1030 210	2.10 m	2	150-300 g	1.48 m	275 g

DF FUN STICK II

The Fun Stick is for those who like to take chances! Small natural baits or lures can be presented perfectly with this rod. The Fun Stick guarantees even more fighting pleasure. The universal triple-leg power rings in particular allow the use of either small fixed-spool reels or multipliers. The Fun Stick guarantees unforgettable fish playing and control.

Code	Length	Sections	C.W.	Tr-Length	Weight
1164 210	2.10 m	2	150 g	1.12 m	277 g

*Fun Stick Collector
by Xavier Vella*

DF FUN STICK COLLECTOR

The Fun Stick Collector was developed in cooperation with Xavier Vella. Its action is similar to the previous model, however the new version has a new handle design, which allows it to deploy its unbelievable power reserves more efficiently. Our engineers managed to preserve the action of a spinning rod (fast and progressive) while at the same time maintaining fantastic power reserves for the drill. The Durafiber construction makes the Funstick Collector the ideal choice when it comes to taming even giants. Equipped with Fuji reel seat and SIC-Lowrider guides with under wrap.

Code	Length	Sections	C.W.	Tr-Length	Weight
1037 210	2.10m	1+1	150-300g	1.60 m	263 g

All Rods on this page:

THE INLINER

Inline rods have been the preferred choice of many French and Italian catfish anglers for many years. This rod type is ideally suited to active vertical angling, clonking and jigging. The carbon inline blank offers a fantastic and almost indestructible action. Line tangling in the rings is a thing of the past thanks to line guide. Excellent for freestyle catfish fishing where the angler holds the line in his hand and strikes by hand. The true strength in this rod is particularly evident during the fight, but for the catfish their efforts are in vain. Threader included.

Code	Length	Sections	C.W.	Tr.-Length	Weight
1065 230	2.30 m	2	180-300 g	1.61 m	436 g

DF CLONKER II

A special rod for active fishing with a catfish clonk. At 2.20m in length, the rod is perfect for presenting baits directly off the boat; close bait proximity to the clonk being essential when clonking. The special power rings also allow the use of multipliers. The parabolic power blank guarantees safety during the fight and prevents hook-pull-outs with lightly hooked fish.

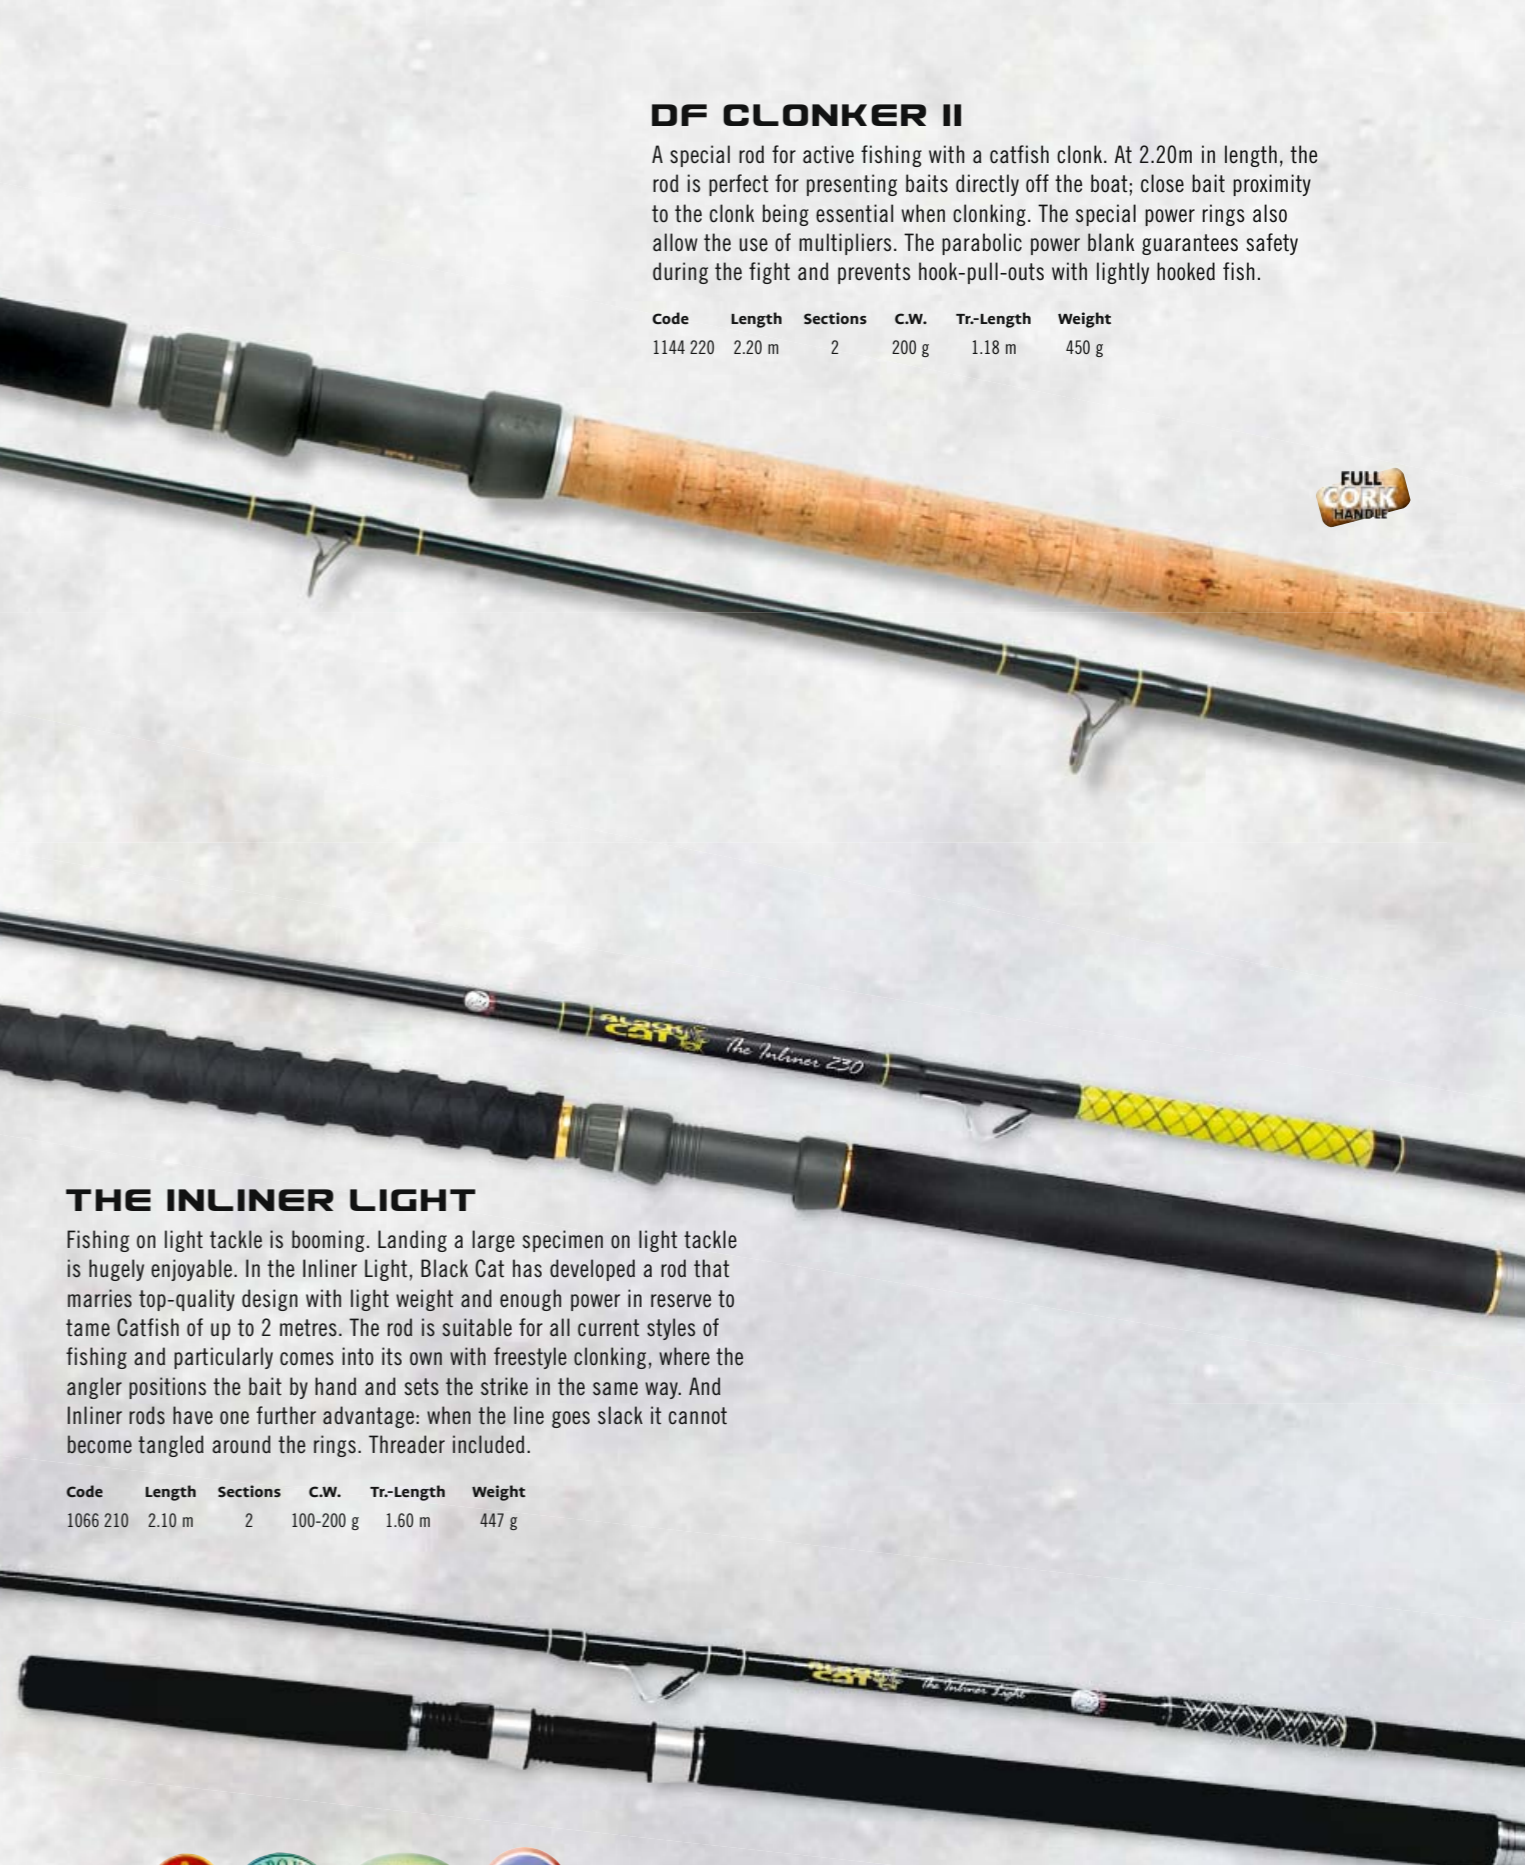

Code	Length	Sections	C.W.	Tr.-Length	Weight
1144 220	2.20 m	2	200 g	1.18 m	450 g

THE INLINER LIGHT

Fishing on light tackle is booming. Landing a large specimen on light tackle is hugely enjoyable. In the Inliner Light, Black Cat has developed a rod that marries top-quality design with light weight and enough power in reserve to tame Catfish of up to 2 metres. The rod is suitable for all current styles of fishing and particularly comes into its own with freestyle clonking, where the angler positions the bait by hand and sets the strike in the same way. And Inliner rods have one further advantage: when the line goes slack it cannot become tangled around the rings. Threader included.

Code	Length	Sections	C.W.	Tr.-Length	Weight
1066 210	2.10 m	2	100-200 g	1.60 m	447 g

DF BOAT SPIN

The days of heavy, rigid spinning rods are over. The Boat Spin is specially designed for fishing off a moving boat and inaccessible banks. The incredibly fast, powerful blank with parabolic properties and constructed in the tried and tested DF material makes the rod a third arm for spinning anglers. A number of team anglers have collaborated in the rod's development, landing fish of more than 80 kg during testing in Spain and Italy. The perfect partner for fishing the Po, near the stone packing, the groyne fields along the Rhine or in the currents of the Ebro – and tremendous fun in a fight.

Code	Length	Sections	C.W.	Tr-Length	Weight
1140 240	2.40 m	2	70-150 g	1.26 m	320 g
1140 270	2.70 m	2	70-150 g	1.42 m	330 g

JOY STICK II

The Joy Stick is a workhorse for the lure angler. The powerful blank can carry rubber fish and spoons wherever Catfish may lurk or hide. Whether from the bank or the boat, the Joy Stick is sure to impress. The slim Rhino-DF blank guarantees outstanding quality when casting and during a fight.

Code	Length	Sections	C.W.	Tr-Length	Weight
1165 280	2.80 m	2	150-180 g	1.44 m	372 g

SPIN EXTREME II

Spinning for catfish is becoming more and more popular; and what's more, it is successful. With the tried and trusted Joy Stick reaching its limits on certain waters (Po, Ebro) due to the size of the fish, the obvious solution was to launch an even more robust spinning rod.

Code	Length	Sections	C.W.	Tr-Length	Weight
1163 300	3.00 m	2	200 g	1.54 m	440 g

FULL CORK HANDLE

FULL CORK HANDLE

All Rods on this page:

NEW: THE FREESTYLE, NOW ALSO AVAILABLE IN 3 m LENGTH

DF FREESTYLE CAT

The Freestyle sees Stefan Seuß inject a little colour into angling. Stefan on the Freestyle: "The coolest plaything ever. The blank is indestructible!" The black metallic ALPS reel holder and matching black metallic special big Big-Game rings provide both fantastic visuals and a deluxe finish. The Freestyle is suited to all angling methods and had already created a storm in Europe's Catfish scene during testing. The durafibre content in the blank makes the Freestyle indestructible.

Code	Length	Sections	C.W.	Tr-Length	Weight
1170 280	2.80 m	2	300 g	1.46 m	510 g
1170 300	3.00 m	2	300-400 g	1.54 m	527 g

GODZILLA

The name says it all: the Godzilla is the strongest rod the market has to offer. Developed for uncompromising catfish angling wherever the world's largest specimens are to be found. With a total length of 340cm, the rod enables extreme long-range fishing and allows the angler to span the main line over vast distances of water. The blank with its special Durafibre carbon composite and casting weight of over 1,000g promises a gigantic transmission of force to the fish. With the Godzilla, baits can be presented tight to any obstacle as the angler has the perfect tool to lever giant predators out of their hiding place. Despite its indestructibility, the blank bends in a perfect parabolic action and prevents hook pull-outs even during heavy fights and tail flips. The special arrangement of the Big Game rings enables the rod to be combined with fixed-spool reels as well as multipliers, both of which are held tightly and securely in the ALPS metal reel holder.

Code	Length	Sections	C.W.	Tr-Length	Weight
1631 340	3.40 m	2	1000 g	1.74 m	843 g

All Rods on this page:

All Rods on this page:   

CAT LIFTER II

Cat Lifters are the ideal partners for the boat angler. Whether in Italy, Kazakhstan, Spain or France – these rods are designed specifically for fishing from an anchored boat or for drift fishing. Now you can literally have the upper hand on Catfish.

Code	Length	Sections	C.W.	Tr.-Length	Weight
1145 240	2.40 m	2	300 g	1.26 m	471 g
1145 270	2.70 m	2	300 g	1.42 m	531 g

 
Reel Holder

DF CAT BUSTER II

Many Catfish over 100 kilos have fallen to the Cat Buster in recent years. Stefan Seuß regards it as perfection in rod design. No other rod has yet managed to achieve the same balance of power and parabolic action. The Cat Buster is the universal tool for the Catfish angler. Even heavy baits can be cast out with control. Whether fishing with an underwater float, a buoy or using pellets, the Buster is sure to impress. The Cat Buster II has been upgraded with a Heavy Finish end cap and special power rings.

Code	Length	Sections	C.W.	Tr.-Length	Weight
1160 285	2.85 m	2	300 g	1.49 m	555 g
1160 300	3.00 m	2	300 g	1.55 m	574 g

 
Reel Holder

DF MULTIBAITER BUOY II

Buoy fishing rod with special rings for use with a multiplier. The model should satisfy popular demand for an adaption of the much loved Black Cat rods for buoy fishing with highly robust rings.

Code	Length	Sections	C.W.	Tr-Length	Weight
1162 320	3.20 m	2	300-500 g	1.62 m	615 g

BIG BAITER II 3,20M

With a casting weight of 400g and a length of 3.20 metres, the Big Baiter 2 is a buoy rod par excellence. The length of the power blank enables powerful strikes even when fishing at distance, allowing you to take control of the Catfish heading for an underwater obstacle or hiding place.

Code	Length	Sections	C.W.	Tr-Length	Weight
1143 320	3.20 m	2	bis 400 g	1.65 m	580 g

PASSION

Fishing for catfish does not have to be expensive; one of the key design points was for this range to be affordable to the mass audience of potential catfish anglers. In the Passion range, Rhino Black Cat presents a perfect selection of catfish rods for new anglers to this style of fishing, at an excellent price to quality ratio. Through the testing stage, constant improvements were made as recommended by Stefan Seuß, now in production we have a range that we can be proud of. Naturally, we have used tried and trusted Rhino carbon composite blanks along with reel holders and special rings for braid that have proven themselves over many years.

Code	Length	Sections	C.W.	Tr-Length	Weight
1060 240	2.40 m	2	300 g	1.25 m	470 g
1060 280	2.80 m	2	300 g	1.46 m	491 g
1060 320	3.20 m	2	300-500 g	1.68 m	522 g

PASSION PRO

Value-for-money Catfish rod with higher casting weights than previous Passion rods. High-quality finish with a robust reel holder with metal shoes as well as highly durable low-rider rings. Top-class Catfish sport at an affordable price with the Passion Pro range!

Code	Length	Sections	C.W.	Tr-Length	Weight
1056 240	2.40 m	2	300-600 g	1.26 m	434 g
1056 270	2.70 m	2	300-600 g	1.41 m	493 g
1056 300	3.00 m	2	300-600 g	1.56 m	520 g

PASSION TELE

The first telescopic black cat catfish rod in carbon fibre, with the equivalent strength to a mad bear. Whether as a travel companion to Spain, Italy or Kazakhstan, this practical and lightweight catfish rod is ideally suited for lakes and rivers. Have the flexibility to fish for catfish anywhere with little transport effort, but don't be fooled: These rods are just as capable of landing monsters like any 2 or 3 piece rod.

Code	Length	Sections	C.W.	Tr-Length	Weight
1693 450	4.50m	5	300 g	1.30 m	675 g

THE GREATEST STRAIN IS OFTEN ON THE TACKLE. THAT IS WHY WE ONLY PRODUCE LINE, HOOKS AND SWIVELS OF THE HIGHEST QUALITY.

CATLINE XH-0

A high-performance Catfish line for all methods of demanding Catfish sport. The orange colour provides perfect visibility in adverse weather conditions, and in the beam of a head-torch at night. Extreme durability and a tight round braid with no water absorption are the hallmarks of this line endorsed by Stefan Seuß.

CATLINE SPIN/CLOK

A line specially designed for spinning and clonking for big Catfish. The tight braid combined with high durability and a minimal water intake of almost 0% enables longer casts and results in fewer tangles on the cast. The orange colour makes the line highly visible to the angler even in poor weather and enables bait movements to be perfectly controlled. The low water resistance pays off when clonking and means even tentative bites are immediately transmitted to the rod.

Code	Model	BS	BS	Length
2349 070	Catline XH-0	70.0 kg	155 lb	250 m
2349 170	Catline XH-0	70.0 kg	155 lb	1000 m

2344 150	150 kg	330 lbs	20 m

IN PACKS OF 5

FRONTZONE RIG

This rig creates the optimum and strongest connection between braid and monofilament. Best suited to buoy fishing, bank fishing, fishing tight to hollowed out banks and vertical fishing for catfishing. The rig is set to the correct water depth and the simply connected to the main line by loops. A special splicing process creates a 100% strong connection between the Frontzone monofilament rig and main line. Thanks to the special loop connection, the rig can be completely retrieved through the rod rings during a fight without becoming hooked up.

IN PACKS OF 10

BUOY/BOAT RIG

Universal rig with one treble and one single hook.

Code	Size	BS	Length
4336 004	6/0	100 kg	100 cm

IN PACKS OF 10

PLIERS

Special pliers for a variety of applications in Catfish angling. The pliers have an ultra-sharp line cutter especially for monofilament and braided lines. The powerful arms of the forceps allow the angler to firmly grip and remove the hook from the mouth of a Catfish. Particularly important for the Catfish angler is the opener that has been designed for fast and safe opening of snap rings.

Code	Model
6410 008	Plier

CAT PROP

A propeller to send Catfish into a spin! The propeller simply pushes onto the leader before bait and begins to spin like wild in the current. The rotation attracts predators to the bait more quickly and incites them to bite.

Code	Ø	P/Pack
3199 001	5.5 cm	2

IN PACKS OF 5

GODZILLA TRIPOD

It took Stefan Seuß and his team more than twelve months to get this special pod for big-game fishing just right. The pod can be set up to hold rods securely at an enormous height (over 250cm) and allows the angler to hold lines out of the water over extreme distances, especially when river fishing, guaranteeing perfect contact with the bait. The Pod Deluxe can be fixed on muddy and sandy ground as special locking pins keep the legs from sinking or slipping. The pod can also be used on concrete surfaces, with weights attached to a hook in the middle of the tripod ensuring a firm footing. The rod butt ends are held securely in aluminum sleeves, keeping the rods in place when a catfish takes the bait violently. Special bite indicator fittings allow usage of all common models and are fixed to an especially warp resistant and extremely strong power bar. The rod fittings are adjustable in height on the slide bar to accommodate any rod length.

Code	Description
8402 040	Godzilla Tripod

DELUXE CATFISH FLOATS "MADE IN GERMANY": THESE FLOATS PRODUCED IN ORIGINAL ROHAZELL® VIA A SPECIAL MANUFACTURING PROCESS ARE SIMPLY

INDESTRUCTIBLE. SURE TO SURVIVE THE MOST EXTREME CATFISH SESSIONS, EVEN IF THE ANGLER ACCIDENTALLY STANDS ON IT -NO PROBLEM!

SIDE LIGHT FLOAT

Float with hidden mounting for snaplights – inconspicuous even to the most cautious Catfish.

5564 002	200 g
5564 003	300 g

IN PACKS OF 5

BLACK CAT FLOAT

This float specially designed for drift fishing and shore angling can be used with the thickest lines without a hitch. The colouration ensures good visibility even in adverse weather.

Code	BS
5562 001	100 g
5562 002	150 g
5562 003	200 g
5562 004	230 g

IN PACKS OF 5

SILENT RUNNER FLOAT

Special float for boat and bank fishing against the current. The extraordinary float body allows the swivel to disappear inside to avoid spooking wary catfish. The snaplight also sits inside the float body and is only visible to the angler, not to the catfish, as the light only radiates upwards towards the angler. A special float for shy catfish, developed and tested on the river Po.

Code	BS
5563 001	50 g
5563 002	100 g
5563 003	150 g

IN PACKS OF 5

AROMA UNDERWATER FLOAT

With two microporous PSP surfaces for soaking with flavours.

Code	BS
5259 004	30 g
5259 005	40 g
5259 006	60 g

IN PACKS OF 5

DRIFT FLOAT

Effective design for angling in strong currents.

Code	BS
5568 001	100 g
5568 002	200 g

IN PACKS OF 5

MARKER BUOY

Buoy fishing remains one of the most successful methods for large catfish. Yet, because of their size, buoys with sufficient buoyancy are often difficult to transport. That is why the Black Cat team have developed a special inflatable buoy which packs away easily in the bag. The buoy is decorated with recognisable warning colour and has a snaplight holder along with a fixing eye for anchoring and a release line holder, which is arranged so that the release line hangs above the surface under tension allowing flotsam to float beneath the rig.

Code	Size
5570 002	Ø 33 cm

IN PACKS OF 5

SIDE PLANER

Planers in two different sizes with release clip. Enables rigs to be held out in the current away from the shore. After a bite it releases and slides up underneath the leader knot so it does not interfere in the fight.

Code	Size
6329 001	#1 15 cm
6329 002	#2 20 cm

IN PACKS OF 5

5566 003	250 g

IN PACKS OF 5

OUTRIGGER FLOAT

Perfect for anchoring a rig in a current.

Code	BS
5569 001	100 g
5569 002	150 g
5569 002	200 g

IN PACKS OF 5

BLACK CAT EASY CHANGE LEAD

Successful Catfish angling is all about flexibility. Black Cat Easy Change Leads enable the angler to change the weight on the rig without the need to cut the line. The tubes fit effortlessly even onto thick lines while the rubber stops ensure that the lead attaches firmly to the rig without slipping. The leads are available in different weights making them a vital partner for buoy and boat anglers alike.

Code	Weight	P/Pack
6038 100	100 g	1
6038 130	130 g	1
6038 150	150 g	1
6038 180	180 g	1

SPARE TUBE SET

The set contains all rubber tubes and stops for the BC Easy Change Lead.

Code	Model
6038 999	Spare Tube Set

IN PACKS OF 5

SILENT RUNNER SPOON

World leader: Special spoon for wary catfish and heavily fished waters. Spoons often give themselves away from the moment they hit the surface with their rattling hooks and swivels. The Silent Runner makes none of these metallic noises because the spoon is mounted directly on the line. Developed and tested on the river Po.

Weight	BS	copper	silver
30 g	120 kg	3381 001	3381 101
60 g	120 kg	3381 002	3381 102

3166 010	XXL	3

IN PACKS OF 10

RIG PROTECTOR TUBE

Special tube, extremely durable and flexible, for many purposes in modern catfish angling. Can be used as knot protection on all common hook sizes, underwater float stopper on the main line or to secure the bait on the hook.

Code	Length	Ø outside	Ø inside	P/Pack
6611 070	50 cm	7 mm	3 mm	2

IN PACKS OF 5

JINGLER SPOON

Special spoon consisting of two closely attached plates. Creates considerable noise underwater – Dinner bell call for large Catfish !

Code	Weight
3380 004	100 g

IN PACKS OF 5

CATFISH SPOON CHROME

Long casting spoon for fishing at long range. The ultimate lure for river enthusiasts.

Code	Weight
3093 065	65 g
3093 085	85 g

IN PACKS OF 5

BLACK CAT FIREBALL

At last, a specialist lure for vertical fishing – exclusively developed by Stefan Seuß. The lure features a heavy weight head combined with twist-free Catfish hooks. The link between hook and swivel of the Fireball system is indestructible. Various baits, such as large deadbaits or rubber fish, can be attractively added to the hook of the Black Cat Fireball. The lure is then offered just off the bottom and retrieved with slow twitches. A guaranteed winner all year round.

Code	Weight	Size	P/Pack
3172 001	60 g	7/0	2
3172 002	85 g	7/0	1
3172 003	120 g	7/0	1
3172 101	60 g	9/0	2
3172 102	85 g	9/0	1
3172 103	120 g	9/0	1

IN PACKS OF 5

BLACK CAT FIREBALL RIG

Special Fireball Rig with an additional treble provided for the flank of the fish. This system ensures that false bites are a thing of the past. The rig is fished vertically beneath the boat allowing either large baitfish or rubber shads to be presented attractively on the Fireball system. The rig has already accounted for enormous catches during testing on the Ebro, Po and French rivers.

Code	Weight	Size	P/Pack
4335 001	90 g	6/0	1
4335 002	120 g	6/0	1
4335 003	150 g	8/0	1
4335 004	180 g	8/0	1
4335 005	210 g	8/0	1

IN PACKS OF 5

VERTICAL RIG

Developed by Stefan Seuß for vertical angling from the boat. Allows livebaits or deadbaits to be tantalisingly presented. The rig is retrieved in permanent contact with the bottom. One of the most successful methods for tempting catfish during the colder months when the catfish are resting and in retreat. Particularly suited to the Po, the Rhone and the Rhine in the higher weight classes.

Code	Weight	BS	Size
4336 009	80 g	100 kg	2/0-2/0
4336 010	150 g	100 kg	2/0-2/0
4336 011	210 g	100 kg	2/0-2/0

IN PACKS OF 10

Correctly rigged shad on the soft lure rig - ideal for all vertical fishing techniques.

SOFT LURE RIG

An excellent way to present rubber fish in an irresistible and enticing way. Particularly suited to vertical fishing.

Code	Weight
4336 024	21 g
4336 025	28 g
4336 026	42 g
4336 027	56 g
4336 028	70 g

IN PACKS OF 10

BLACK CAT INJECTOR HEAD

Specially designed for fishing with rubber fish and large twisters. Equipped with two fixing points to enable horizontal and vertical use. The upper fixing ring can also accommodate an additional stinger rig. Incorporates two fixed noise capsules that attract Catfish as if by magic. On the reverse, these capsules are finished with luminescent paint that catches the eye for additional effect. Available from 40 to 140 g. Fitted with original Owner hooks.

Code	Weight	Size	P/Pack
3161 040	40 g	6/0	2
3161 060	60 g	6/0	2
3161 080	80 g	8/0	2

3173 001	40 g	8/0	2
3173 002	60 g	8/0	2
3173 003	80 g	8/0	2

IN PACKS OF 5

CRAWFISH FLAVOURED

BLACK CAT ROWDY SHAD

Fishing with rubber lures brings results. The Rowdy Shad has been developed to the precise specifications of Daniel Katzoreck and Stefan Seuß and has yielded remarkable catches during testing. The Rowdy Shad can be retrieved quickly or slowly. With its lively retrieve action, the Rowdy Shad perfectly imitates the entire spectrum of Catfish prey.

IN PACKS OF 5

R+S BAITFISH RIG

A world first! This rig is the product of a joint development project between Stefan Seuß and Roland Rauser. A special brush holder allows the perfect attachment of baitfish to the rig. Even with ferocious bites, Catfish can not tear the baitfish from the rig. The weight head can be adjusted flexibly so that the behaviour of the bait on the bottom can be altered at any time. The rig has already accounted for enormous catches in the development stage on the Po and the Rhone.

Code	Weight	Size	P/Pack

NOUVEAU NEU-NEU

BLACK CAT SQUID LURE

Stefan Seuß has developed these rubber tentacles especially for concealing the lead when Catfish fishing. The Squid Lure is simply pulled over the lead to create an additional attraction. Now successful clonk rigs and vertical rigs can be set up in no time. The neon design is conceived for fishing at great depths. When exposed to a light source, the Squid Lure will glow for hours at depth and lure in those Catfish.

300 D NYLON PU COATED

S-CLONK

Stefan Seuß swears by this clonk which has attracted countless fish to his hookbait. Unique in its design and function, the clonk is suited to all water types and depths. The model hails from Bulgaria, the Catfish clonk's land of origin and where Stefan received the clonk as a gift from an old fisherman many years ago. Today, we are proud to offer the 'S-Class' in our Black Cat Catfish clonk range.

Code	Model
6328 006	Catfish Clonk „S Clonk“

S-CLONK 2

The S Clonk "II" was specially developed and tested by Stefan Seuß. Especially at the rivers Neckar, Rhine, the Rhone and Po in Italy fabulous catches were achieved with this specifically shaped Catfish Clonk. The new shape makes fatigue-free usage of the clonk for hours possible, while the oval head produces an underwater pressure, that drives the catfish crazy. The specific shape of the handle enables even beginners to clonk successfully.

Code	Description
6328 007	S-Clonk 2

CATFISH CLONK SHALLOW WATER

Special Catfish clonk for use on calm waters with depths of up to 6 m.

BAGS ARE OFTEN EXPOSED TO MUD AND RAIN WHEN CATFISH FISHING. HOLDALLS MUST BE SUFFICIENTLY LARGE IN ORDER TO PROVIDE ROOM FOR EVEN THE LARGEST FIXED-SPOOL REELS. PARTICULARLY FOR BOAT ANGLERS, THE

BAGS MUST ALSO BE WATERPROOF AND THOUGHTFULLY DESIGNED TO MAKE ALL PARTS QUICKLY ACCESSIBLE. THE SPECIAL BLACK CAT BAGS HAVE EVOLVED FROM HANDS ON EXPERIENCE, WITH ALL WEATHER ELEMENTS CONSIDERED.

BLACK CAT TEAM PREMIUM BAG

Compact carryall in tear-proof and waterproof tarpaulin material (waterproof coated nylon). The top accessory pocket contains a rig wallet and can hold an additional flat tackle box. Like all Black-Cat-Team bags, all external pockets on the Premium Bag are finished with a robust, waterproof zip to provide all-round protection for your equipment.

Code	Length	Height	Width
8521 037	40 cm	40 cm	30 cm

100% NYLON PVC COATED

100% NYLON PVC COATED

BLACK CAT TEAM TACKLE STORE

The name says it all: with its three large external accessory pockets, the Tackle Store offers optimal convenience for storing frequently-used small parts. Ideal for storing everything you need to keep within arm's reach. Metal clips on the shoulder strap provide the necessary stability for transporting heavier loads. The robust tarpaulin material and waterproof zips provide optimal protection to the contents against weather and other influences.

Code	Length	Height	Width
8521 038	35 cm	25 cm	28 cm

100% NYLON PVC COATED

BLACK CAT TEAM CARRYALL

Highly robust all-round carryall in waterproof tarpaulin material – ideal for extended use on the boat or for long sessions. The three large external pockets and main section offer abundant storage and are finished with waterproof zips, providing optimal protection for your equipment even in adverse weather. Also supplied with a plastic tackle box.

Code	Length	Height	Width
8521 032	60 cm	37 cm	43 cm

NEU-NEU

BLACK CAT BAIT KEEPER

Small, compact keepnet for keeping live bait etc. fresh and close to your boat. With buoyancy ring to keep it upright and swimming. Can be closed from the top.

Code	Ø	Height
7049 001	55 cm	70 cm

100% NYLON PVC COATED

WATERPROOF BAG

Special folding bag for boat anglers. This bag is waterproof and offers protection for camera equipment, valuables, fishfinders and clothes.

Code	Length	Height	Width

OVER PANTS

Here at last, the trousers to match our Over Jacket. The waterproof trousers protect the angler's clothing from dirt and water when photographing Catfish. The trousers fold away to a very small size.

OVER JACKET

The grand finale of a specimen catch is the photo shoot. It is important that you look and feel your best. The Black Cat Team have developed a quick drying Over Jacket in the Black Cat colours which protects the clothes underneath from water and catfish slime.

BLACK CAT MEASURING TAPE

Length: 10m. Flexible, yet extremely durable. Measures any catfish in no time at all.

Code	Description
9890 011	Tape Measure

IN PACKS OF 5

BLACK CAT DIP

The matching dip for Black Cat Chunks, with a base of strong smelling extracts with aromas of blood, meat and liver – perfect for giving Black Cat Chunks or catfish pellets an additional boost. Particularly pasty and binding for lasting attraction.

Code	Contents
3939 020	150 ml

IN PACKS OF 6

BLACK CAT CHUNKS

Highly attractive catfish boilie. Thanks to its huge dimensions the boilie is highly distinctive and stays on the rig for long periods while pellets, for example, need replacing more often. Strong smelling ingredients attract the barbel hunters to the bait from great distances. The aroma has been optimised during prolonged testing by the Black Cat Team. A genuine alternative to deadbaits and pellets.

Code	Ø	Contents
3939 001	50 mm	3 kg

IN PACKS OF 3

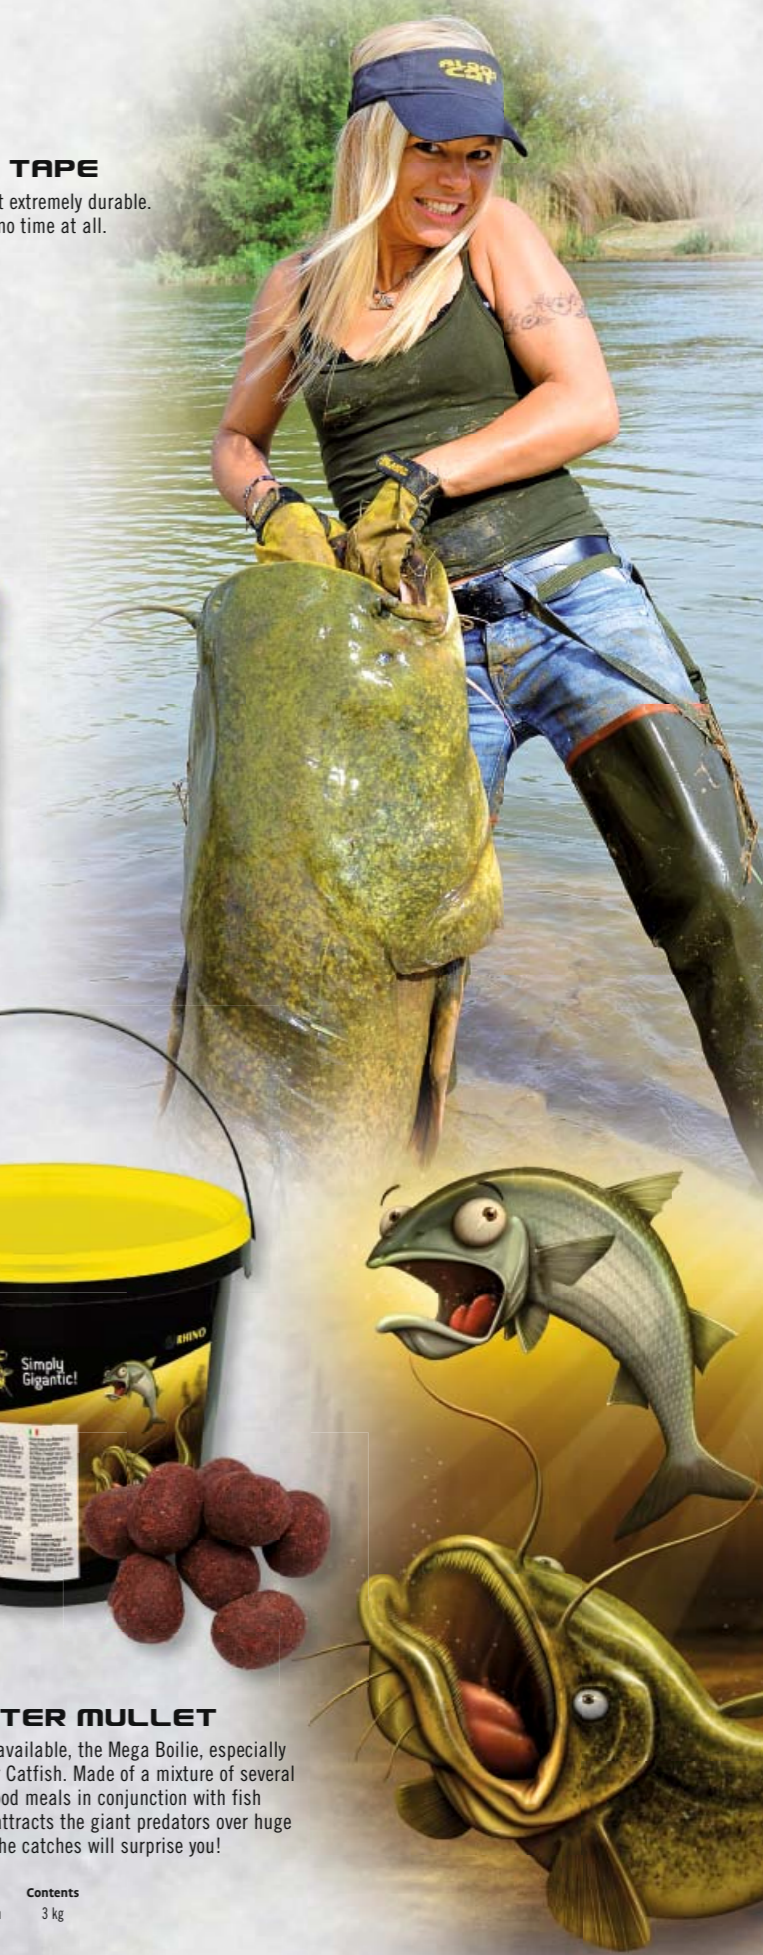

MONSTER MULLET

Finally it is available, the Mega Boilie, especially designed for Catfish. Made of a mixture of several liver and blood meals in conjunction with fish extracts, it attracts the giant predators over huge distances. The catches will surprise you!

Code	Ø	Contents
3939 002	50 mm	3 kg

IN PACKS OF 3
